

Company Overview

FinEdge Capital is a B2B financial services firm headquartered in Frankfurt, Germany, specialising in institutional capital management, investment-grade lead generation, and digital acquisition for wealth and asset management products. Founded in 2014, FinEdge serves CFOs, portfolio managers, and senior finance executives at mid-market and enterprise organisations across the DACH and Benelux regions. The firm runs a multi-channel paid media strategy across LinkedIn, Google Search, programmatic display, and social platforms to generate qualified financial leads and drive webinar attendance for its investor education series.

Week 12 (ending 22 March 2026) delivered a blended ROAS of 8.46x on €39,382 total spend across five active campaigns — well above the 5.0x account target — with 1,364 total conversions and approximately 1,009 qualified leads. Lead Gen – Search continues to be the primary revenue engine at 9.46x ROAS, while Retargeting – Display leads on efficiency at 17.85x ROAS and 4.17% CVR.

Campaign Objectives

- Generate 500+ qualified leads per month across Google Search and LinkedIn at or below a €47 cost per lead.
- Achieve a blended ROAS above 5.0x across all paid channels, with a stretch target of 8.0x for Q1 2026.
- Drive 150+ weekly webinar registrations for FinEdge Capital's investor education and product webinar series.
- Maintain Retargeting – Display ROAS above 10.0x to maximise re-engagement of high-intent prospects visiting key landing pages.
- Improve LinkedIn CTR above 1.0% through creative refresh and expansion into InMail and conversation ad formats.
- Lift Competitor – Search quality scores from 4/10 to 7/10 via single-keyword ad group restructuring and dedicated comparison landing pages.
- Grow branded search volume in the DACH region by 15%, measured by Google Search Console impression lift on branded terms.

Retargeting – Display (Google Ads)	€4,300	11%	Conversions

KPI Targets

KPI	Baseline (Q4 2025)	Q1 2026 Target
Blended ROAS (all campaigns)	6.10x	>5.0x
Cost per Lead / CPA	€42.30	<€47
Qualified Leads per Month	380	500
Weekly Webinar Registrations	112/week	150/week
Retargeting ROAS	11.20x	>10.0x
LinkedIn CTR	0.65%	>1.0%
Competitor Search Quality Score	4/10	7/10
Branded Search Volume Lift (DACH)	Baseline	+15%

Creative Direction

FinEdge Capital's brand voice is authoritative and data-led — 'the institutional partner that delivers measurable financial outcomes.' All ad creative should emphasise three core themes: (1) measurable ROI (e.g., 'Generate 35% more qualified pipeline'), (2) credibility and social proof via institutional client logos and AUM-backed case study snippets, and (3) exclusivity and expertise positioning appropriate to senior financial audiences. Video ads should be 30 seconds maximum, featuring finance professionals and verified performance data. Static display ads should use FinEdge's dark navy and gold palette with clean typographic

hierarchy. LinkedIn creatives must be rotated every 3–4 weeks to counteract audience fatigue given the concentrated B2B target pool. A/B testing of testimonial-led versus data-led formats should run continuously across all active LinkedIn campaigns.

Competitive Landscape

Key competitors in the paid search landscape for financial lead generation include Templafy, Broadridge Financial Solutions, SS&C; Technologies, FIS Global, and Finastra. FinEdge Capital differentiates through a more personalised service model, faster onboarding (average 4 weeks versus 3–6 months for enterprise peers), and a transparent fee structure tailored to mid-market financial organisations. Competitor conquest campaigns currently target branded search terms for these five competitors, with dedicated comparison landing pages highlighting FinEdge's implementation speed, total cost of ownership advantage, and track record of >8x ROAS for clients. Quality scores on competitor brand terms are currently averaging 4/10 — restructuring to single-keyword ad groups (SKAGs) with matched landing pages is the priority action for Q1 2026 to reduce cost-per-click and improve ad rank.

Reporting Cadence

Weekly performance report delivered every Monday by 09:00 CET, covering all five active campaigns with KPI commentary and recommended actions. Monthly strategic review with the CMO and Head of Demand Generation on the first Wednesday of each month. Quarterly business review to be scheduled for the first week of Q2 2026, covering full-funnel performance, budget reallocation recommendations, and competitive landscape updates.
